Laurus College Addendum Updates

The following revisions have been made to the Laurus College Catalog (V5.0 v5-21-18, effective May 21, 2018):

VI) Programs at Laurus College (Pages 8 thru 81)

This section went through significant revisions as Laurus College is now accepting enrollments for its new Bachelor of Science Degree Programs, which are scheduled to begin on July 2, 2018 (Summer I Term). Students are encouraged to review this entire section and reach out to the Admissions Department (805) 267-1690 if they have any questions.

The following revisions were made to the Laurus College Catalog (V4.2 v3-12-18, effective March 12, 2018):

VI) Programs at Laurus College (Pages 8 thru 40)

Professional Communications (PRO 205) has replaced the following courses:

3D Portfolio Presentations (ANI 205)
Portfolio Presentation (DES 200)
IT Portfolio Presentation (IST 200)
Medical Portfolio Presentation (MED 205)
Web Design Portfolio Presentation (WEB 205)

d) Payment Schedule (Page 55)

The following language was removed:

~~There is a 10% tuition discount applied if 90 % of the tuition and fees for the program are paid within 7 days of the program start date.~~

c) Experiential Learning and Transfer of Credit into School (Pages 45-46)

~~Assessments for proficiency can be attempted one time, and need to be completed before or during the first term the student attends classes at Laurus College.~~

Assessments for proficiency can be attempted one time, and need to be completed before the student is scheduled for the class which they are attempting proficiency credit for.

The following revisions have been made to the Laurus College Catalog (V4.1 v-2-5-18, effective February 5, 2018):

e) Attendance Policy (Page 47)

~~At Laurus College attendance is a vital aspect of student success. Instructors are required to take attendance during each class session, and Laurus administration reviews attendance records on a weekly basis. All attendance information will be considered part of the student's official school record and is available to Vocational Rehabilitation Counselors for review upon request. Absences with appropriate documentation provided may be considered excused. Excused absences will not lower the attendance element of the course grade. Students who will be absent from class should inform the instructor in advance wherever possible. Students attending school through a third party organization should contact their Vocational Rehabilitation Counselor, as well as their instructor, to inform them of any absence from class. It is the responsibility of the student to make up missed assignments or exams if allowed so by the instructor. Unexcused absences may affect the course grade. The course grade will affect the student's satisfactory academic performance which can affect the student's academic and financial aid standing. The dismissal process will begin if a student has not been in attendance or had academic interaction for fourteen consecutive days.~~

~~Laurus Online students will have access to archived class sessions for review of any missed classes. Viewing of these classes will constitute being in attendance.~~

~~If a student has more than two (2) consecutive unexcused absences, they may be contacted to ensure retention. Laurus College administration will issue warnings to students with excessive absences or tardiness. Laurus College reserves the right to dismiss a student for poor attendance in classes.~~

At Laurus College, attendance is a vital aspect of student success. Instructors are required to take attendance during each class session, and Laurus administration reviews attendance records on a weekly basis.

Students attending via either Distance Education or Hybrid Instruction formats will have access to archived class sessions through the student portal for review of any missed classes. Although viewing the archived (recorded) classes constitutes being in attendance, students are required to attend one live session of their class per week. Failure to attend one live session per week may affect academic evaluation.

Absences with appropriate documentation provided may be considered excused. Excused absences will not lower the attendance element of the course grade. Students who will be absent from class should inform the instructor in advance wherever possible. It is the responsibility of the student to make-up missed assignments or exams if allowed so by the instructor.

Unexcused absences may affect the course grade. The course grade will affect the student's satisfactory academic performance, which can affect the student's academic and financial aid standing. If a student has more than two (2) consecutive unexcused absences, they may be contacted to ensure retention. Laurus College administration will issue warnings to students with excessive absences or tardiness. Laurus College reserves the right to dismiss a student for poor attendance in classes.

The dismissal process will begin if a student has not been in attendance or had academic interaction for fourteen consecutive days.

All attendance information will be considered part of the student's official school record and is available to Vocational Rehabilitation Counselors for review upon request. Students attending school through a third party organization should contact their Vocational Rehabilitation Counselor, as well as their instructor, to inform them of any absence from class.

The following revisions were made to the Laurus College Catalog (V4.0 v-1-2-18, effective January 2, 2018):

VI) Programs at Laurus College (Pages 8 thru 40)

This section went through significant revisions as Laurus College is no longer accepting new enrollments for its Certificate Programs, and is in the process of teaching out those students who are currently enrolled in one of the Certificate programs. Students are encouraged to review this entire section and reach out to the Registrar registrar@lauruscollege.edu or (805) 267-1643 if they have any questions.

XIX) Holidays (Page 71)

The Academic Calendar was updated to reflect 2018 dates.
