Position Title: IT & Networking Instructor

Job Summary:
We are looking for a full time instructor for our Information Technology (IT) & Networking Systems department.

Job Requirements:
- 4 year degree in related field

As an instructor you would be required to have a strong working knowledge of:
- Computer hardware and software
- Strong troubleshooting skills
- Networking management & implementation
- Various network operating systems

Preferred:
- CompTIA A+ and Net+ certifications are a plus but not required.

Responsibilities include, but are not limited to:
- Prepare and implement IT/Networking based lesson plans that lead to student comprehension of curriculum concepts
- Lead classes within the IT/Networking program
- Answer student questions, check student comprehension, grade homework and tests
- Assess student progress and maintain accurate records
- Aid the college in keeping up with current technology trends and update course materials as needed
- Communicate frequently with students and colleagues

Job Perks:
- Friendly work environment and excellent benefits including: paid vacation, medical, dental, life insurance and much more.

Serious candidates only please submit a resume and cover letter. Please specify the position you are applying for. No phone calls please. We will reach out only to those candidates we are interested in meeting for an interview. Meeting the basic criteria of the job posting does not guarantee an interview.
